Detailed product description:

- Own diagnostic and control system patented by the manufacturer
- color touch screen
- precise temperature control and maximum deviation of 1 ° C ensures constant quality coffee
- guaranteed energy savings up to 47.6% compared to traditional kávovarům, certified by an independent company Intertek
- serial RS 232, all information about the machine's settings are clearly displayed on the screen
- 6 individually programmable keys dispensing coffee
- key for manual dispensing coffee
- automatic dispensing hot water
- two jets of steam
- automatic water filling
- electric reheating cups
- integrated rotary vane pump
- counter issued coffees
- associated gauge for measuring the pressure in the boiler and the pump pressure
